

It's so easy to make someone happy

The person dearest to you should also be able to enjoy the finer aspects of travelling with you. That's why we would like to qualify your spouse or partner as a Senator along with your qualification as a HON Circle Member. Your partner must also be a member of the Miles & More programme to qualify. You can register directly via **miles-and-more.com**. All you have to do is complete the following application together. Your partner will then receive a Senator card from us right away - with all the associated privileges.

Please return the completed application to us by email.
