Fly higher with award miles

Want to fly in a higher class? No problem with our upgrade award. For example, you can book Economy Class and fly in Business Class – starting at just 10,000 award miles for a flight within Europe. The number of miles needed apply to a one way flight – you will need to double the amount of miles for a round-trip journey.

Flight destinations available in the relevant regions are based on timetables operated by Lufthansa and its airline partners and which are valid at the time of the reservation. Mileage levels and connections displayed here are not always covered by the current timetables of Lufthansa and its airline partners, and can consequently not be offered temporarily. An upgrade award is always only valid for the route covered by a ticket's flight coupon. Availability of awards can vary depending on the date, season and destination. Individual awards may not always be available at certain times. Mileage levels displayed here may not always represent the cheapest flight connections for you.

The information is valid as of 24 January 2019. The latest award charts can be found at miles-and-more.com.
